

Alice Leeper

Alice Leeper has lived in Ouray since 1994. She loves history. Prior to moving here, she lived in Aspen for 20 years. She volunteered for the Aspen Historical Society and did walking tours for them. Later she created her own tour company giving historical tours up Independence Pass, throughout Aspen and down to Redstone, Colorado. She and her husband bought and renovated the historic Wright Opera House in Ouray over 16 years. They later sold it to the 'Friends of the Wright' who could take it to the next level as a non-profit. Come learn about the history of Ouray through the people who are buried in Ouray's Cedar Hill Cemetery with her.
